SOMYA SHARMA

Full Stack Developer (MERN)

+91 8306054085 | somay3112@gmail.com | Jaipur, Rajasthan | github.com/somay12

PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building responsive, scalable web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Currently at Azzunique Software, delivering end-to-end features from UI to REST APIs and database design. Skilled in HTML, CSS, JavaScript, Tailwind CSS and Bootstrap, with practical experience in API integration, authentication and Git/GitHub workflows. Focused on clean, maintainable code and seamless user experiences.

TECHNICAL SKILLS

Frontend	React.js, JavaScript, HTML5, CSS3, Tailwind CSS, Bootstrap
Backend	Node.js, Express.js, RESTful APIs, Middleware, Authentication
Database	MongoDB (Mongoose), SQL, Firebase
Tools & Platforms	Git, GitHub, Vercel, Render, Figma
Core Strengths	Responsive Design, State Management, API Integration, Debugging, Code Review, Version Control

WORK EXPERIENCE

Full Stack Developer | Azzunique Software — Sep 2026 – Present

- Design, develop and maintain full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Build and consume RESTful APIs with Node.js and Express.js, covering routing, middleware, validation and error handling.
- Develop responsive, reusable React components and manage application state to deliver fast, intuitive interfaces.
- Design MongoDB schemas and data models with Mongoose, and write efficient queries for application features.
- Integrate frontend and backend services, including third-party APIs and authentication flows.
- Debug and resolve issues across the stack, improving application stability and performance.
- Collaborate with team members using Git and GitHub, following code review and version control best practices.

Frontend Developer (Intern) | Fabulous Media — Jul 2026 – Aug 2026

- Developed responsive, user-friendly web interfaces using HTML5, CSS3, JavaScript and React.js, with a focus on usability and visual consistency.
- Implemented responsive layouts for desktop and mobile; fixed UI issues and improved frontend performance.
- Collaborated with the team to understand and deliver project requirements.

Front-End Developer (Intern) | CodeAlpha — Jan 2026 – Mar 2026

- Built and deployed multiple real-world frontend applications using React.js, Bootstrap, Tailwind CSS and JavaScript, with emphasis on responsive layouts, UI/UX and performance.
- Implemented state management, API integration and authentication to deliver secure, interactive user experiences.
- Developed a feature-rich E-Commerce platform with dynamic product rendering and a component-based architecture, improving scalability and code reusability.
- Created projects such as a To-Do List and a Tic Tac Toe game, strengthening core JavaScript logic and React concepts.

PROJECTS

Arvana Jewellery – E-Commerce Website jwelllery-website.vercel.app

Responsive jewellery shopping website • Deployed on Vercel

- Built a responsive e-commerce site with category, occasion and metal browsing, plus product search, filters and sorting.
- Implemented shopping bag, wishlist and sign in / sign up functionality.
- Developed a complete checkout flow with delivery options, multiple payment methods (COD, UPI, card, net banking) and order confirmation.

CineVerse – Movie Discovery Website cine-verse-eta-six.vercel.app

Movie browsing and discovery website • Deployed on Vercel

- Developed a movie discovery site with a featured movie banner, search, and genre filters (Action, Drama, Sci-Fi, Comedy, Thriller).
- Added a trailer overlay, "Add to List" and "Where to Watch" sections.
- Designed a clean, responsive layout for a smooth browsing experience.

DialysisOnGo – Holiday Dialysis Request Platform dialysis-on-go-veraval-p45o.vercel.app

Service website for dialysis patients travelling to Veraval, Gujarat • Deployed on Vercel

- Built a responsive website that helps dialysis patients request holiday dialysis, with a request form capturing travel date, sessions and requirements.
- Created services, how-it-works, travel guide, pre-travel checklist and FAQ sections.
- Integrated 24/7 support options via WhatsApp, call and email.

EDUCATION

Bachelor of Computer Application (BCA) 3rd Year

Jaipur National University

Senior Secondary (12th Grade) – Arts (Humanities)

Tagore International School

CERTIFICATIONS & ACHIEVEMENTS

- IIT Bombay
- CTF Hackathon Participation
- Google Gemini
- AWS Architecture Job Simulation
- IBM SkillsBuild Certificate
- AI Certifications
- Forage Job Simulations
